Safeguard Carpet Saver

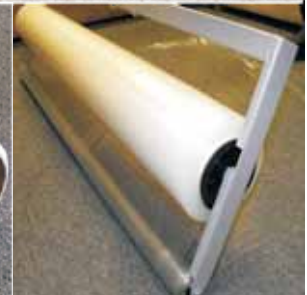

Key Benefits

- Self Adhesive
- Easily applied
- Spill resistant
- Easy to apply against tight walls and skirtings
- Allows easy set out and marking out
- Allows you to detect damage during works
- No taping needed

Uses and Applications

- Carpet Protection for most commercial works*
- Allows stable stair protection
- Great for long walkways
- Applicator for large areas and longer runs
- *Suitable for most synthetic/nylon carpets
- *Before use please refer to instructions provided

*More info can be obtained on our website
www.davmarindustries.com.au or call one of our
branches and speak to our customer service
team

Safeguard Hard Surface Saver

Key Benefits

- Self Adhesive
- Easily applied
- Trip safe and stays in place
- Easy to apply against tight walls and skirtings
- Clear film allows you to see the surface
- Allows you to detect damage during works
- No taping needed

Uses and Applications

- Protection for most hard surfaces*
- Allows stable stair protection
- Great for long walkways
- Applicator available to suit
- *not suitable for painted, treated, coated, heated floors and some timber floor applications please test prior to full usage
- *Before use please refer to instructions provided

*More info can be obtained on our website

SupaBord Floor Protection

SupaBord Floor Protection (Heavy Duty)

SupaBord Heavy Duty is our premium temporary floor protection product for commercial, residential construction and renovation projects.

SupaBord Heavy Duty is the latest technology in floor protection, providing a balance of vapour permeability, durability and strength. Developed to withstand the demands of the construction industry, each roll covering 30 sqm. SupaBord Heavy Duty is flexible yet strong and made from 100% recycled material.

SupaBord Heavy Duty prevents the risk of damage and rework, saving money on material and labour costs and is the brand of choice by contractors worldwide.

SupaBord Floor Protection (Standard)

SupaBord Standard is our medium duty temporary floor protection product for commercial, residential construction and renovation projects. SupaBord Standard is the latest technology in floor protection that is light weight but provides a balance of vapour permeability, durability and strength. Developed to withstand the demands of residential renovations, SupaBord Standard has low impact resistance and is robust against light wheeled traffic. With each roll covering 26.5 sqm, SupaBord Standard is versatile as it can be scored and folded easily to protect surfaces, making it ideal for bench tops and stairs. SupaBord Standard prevents the risk of damage and rework, saving money on replacement materials and labour costs.

SupaBord Joint Tape

SupaBord Joint Tape is one of two tapes in the SupaBord product range.

SupaBord Joint Tape is specifically designed to secure SupaBord Temporary Floor Protection seams together for up to 90 days. SupaBord Joint Tape is made from quality non-woven paper that is breathable and vapour permeable to promote even finishes in curing floors. Offers 90-day high tack contractor grade hot melt adhesive provides instant and secure attachment that is strong and flexible.

FEATURES:

- Joins SupaBord seams together for up to 90 days
- High tack contractor grade adhesive
- Strong and flexible
- Breathable
- Vapour permeable

SupaBord Edge Tape

SupaBord Edge Tape is one of two tapes in the SupaBord product range.

SupaBord Edge Tape is specifically designed to secure SupaBord Temporary Floor Protection to floors and walls for up to 45 days. SupaBord Edge Tape is made from quality crepe paper with a natural rubber adhesive to provide instant attachment to a wide variety of surfaces.

Features:

- Joins SupaBord floor protection edges to floors for up to 45 days
- Low to medium 45-day contractor grade adhesive
- Strong and flexible

Solashade Shadecloth

Solashade Shadecloth Products

Davmar Industries is proud to introduce our own brand of shadecloth products known as Solashade™. Solashade™ is mainly used in commercial & industrial Building projects where sight and dust suppression are of vital importance.

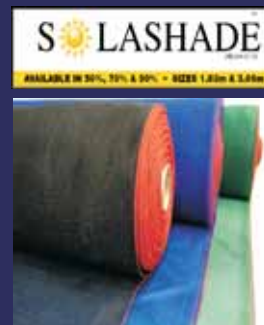

OUR RANGE OF SOLASHADE™ PRODUCTS INCLUDE:

Scaffold Mesh

50% 70% 90%
Shadecloth Shadecloth Shadecloth

Safety Shade™

We also carry a range of sight & dust suppression products that fall under our Solashade™ brand to include: Poly tarp & Weedmat. *Independent Tests ensure compliance with all Australian Standards.* Solashade™ products hold a 10 year warranty against UV damage (does not include colour fading). 10 Year warranty does not include Scaffold Mesh, Poly tarp & Weedmat.

Safety Shade™

IT MAKES YOUR BUILDING SITE SAFER

Safety Shade™ is the only product of its type in Australia and was designed exclusively by us to offer a unique long term product that can last long term on the construction site.

PRINTED SHADECLOTH PVC BANNER MESH!

- Turn your construction site into an advertisement for your company using a quality and economical form of media.
- We can print your logo and other items on these products to suit.
- Shadecloth can be printed to your needs!
- We also have access to the ONLY machine capable of printing white ink.
- We can also do the following:

CORFLUTE SIGNS • PLYWOOD • SAFETY SIGNS

Call us to discuss the range of possibilities
